

Companion Care Derby (UK)  
Veterinary Surgeon – Full Time

Will your next career move be to join our successful practice in Derby? Our Joint Venture Partner Jason Davidson is looking for an experienced Veterinary Surgeon to join his friendly and established team of 3 Vets, 5 Nurses and 3 Client Care Advisors.

Derby is just 30 minutes from the beautiful Peak District National Park and only approximately 2 hours to London by train, so is an excellent location for anyone that enjoys both walks in the countryside and the vibrancy of the city, with excellent access to M1 and M6.

Companion Care Derby has an established client base and a fantastic reputation locally, with 5-star reviews on Vet Help Direct. The practice is purpose built with state of the art, modern equipment and offers a generous CPD budget. The daily caseload is sufficient for further specialisation case studies if that is of interest and will be well supported.

You will have great people skills, have good Veterinary Surgeon experience, and will work well in a team. This is a full-time role, 40 hours per week, with 1 in 4 weekends, Sat 9:00 – 16:30 and Sun 10:30 – 15:30. Weekend working will be sole charge.

We can support your move to the UK and issue certificate of sponsorship if required for visas. We can also offer financial support to cover the cost of the visa application and NHS surcharge if required.

Other benefits include payment of RCVS, BVA and VDS fees, competitive salary, strong CPD allowance and 20% discount at Pets at Home and the Vet Group as well as other retail and leisure discounts.

Please send applications to [Jason.davidson@companioncare.co.uk](mailto:Jason.davidson@companioncare.co.uk). I am also happy to chat informally about the position if you have any further questions.
